Objective---

Aspiring Web Developer skilled in React, Next.js, JavaScript, Tailwind CSS, Redux, and Node.js. Experienced in building responsive web apps, implementing REST APIs, and managing full-stack projects. Passionate about creating user-friendly interfaces and continuously learning modern web technologies.

Skills--

● **Front-end :** HTML, CSS, Tailwind CSS, JavaScript, React, NextJs, TypeScript, Redux
● **Back-end :** Node.js, Express.js, Firebase, Schema, MongoDB, Mongoose, PostgreSQL
● **Tools :** Git, GitHub, Npm, Zod, Prisma

Projects---

1. Ride Booking System   Client Site Code | Server Site Code

A ride booking system with role-based access, secure management, real-time updates, and responsive UI.

● Implemented role-based access for Users, Drivers, and Admins.
● Built secure booking, cancellation, and real-time ride status system.
● Developed responsive UI with search and filter features using React & Tailwind CSS.
● Enabled admin controls for approvals, ride management, and content moderation.

Technologies : React, JavaScript, TypeScript, Tailwind CSS, Redux Toolkit, Node.js, Express.js, MongoDB, Mongoose, Passport, Nodemailer, Zod

1. BrandTec (E-Commerce)   Client Site Code | Server Site Code

A dynamic e-commerce site with product showcase, payments, contact, and a role-based admin dashboard.

● Dynamically add, update, and delete products, shipping, and user data.
● Interactive product data and detailed showcase.
● Implemented a popular payment system (SSLCommerz) and used EmailJS for contact.
● Admin Dashboard: Manage users, products, orders, and shipments through role control and moderation.

Technologies : React, JavaScript, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase, EmailJS, SSLCommerz

3. NextGen (Service Site)   Client Site Code | Server Site Code

A service and job portal with applications, profile tracking, and an admin dashboard for management.

● Users can view services, job posts, employees, completed projects, and contact us.
● They can apply for jobs and track applications on their profile.
● The admin dashboard includes features like stats (users, employees, projects, jobs, applications) and charts.
● Admins can manage user roles, jobs, employees, and projects.

Technologies : React, JavaScript, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase, EmailJS

Education--

BBA, Department of Management
Mohammadpur Kendriya College
2022 - 2026

Course And Certifications--

1. Complete Web Development Course || #Programming Hero || Letter of Recommendation || View Certificate

2. Presentation & Public Speaking || #10 Minute School || View Certificate

Language : Bangla (Native), English (Comfortable), Hindi (Conversational)
